Parada-Stop TOMATO FARMERS OUTRAGED

The tomato farmers of Florida are outraged that they are abuse in the farms. They get paid 1 penny carry 1 pound of tomatoes. But 1 pound is heavy and will take a toll on a person if they work too hard. It is clueless to some people that they are basically giving money to Trader Joe's. Trader joes is basically taking money from the farmers while the farmers break their backs carry tomatoes for only a penny. It is an outrage. What we should do as customers must do is protest out in front of all of the Trader Joes and go on a buying tomato strike.
