

# Fashion of the 1920's

Away with Binding, in with Elegance

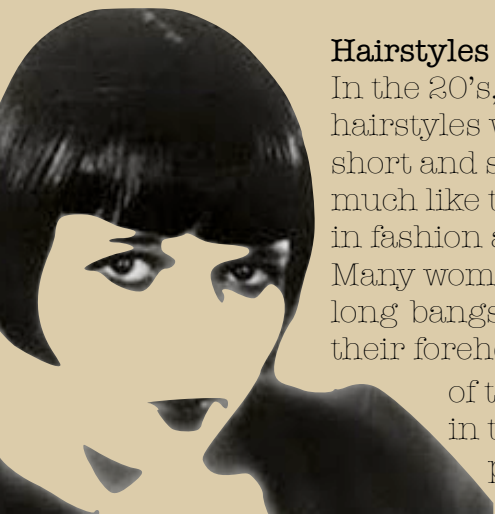

## The Flapper Dress

An iconic look of the 20's, the flapper dress was a straight line garment, usually adorned with cascading tassels. It was one of the first mainstream dresses to exclude a corset or some sort of a-line silhouette.

“Fashion is architecture: it is a matter of proportions.”

-Coco Chanel

## Hairstyles

In the 20's, women hairstyles were short and structured, much like the clothes in fashion at the time. Many women sported long bangs that covered their foreheads. Many of the styles developed in the 20's are still popular today.

“Fashion has to do with ideas, the way we live, what is happening.”  
-Coco Chanel

## Coco Chanel

Coco Chanel was an influential designer in the 20's who broke several gender boundaries with her controversial designs. She did away with traditional a-line skirts and corsets, and brought in straight dresses and many other fresh outlooks on fashion. She is best known for her ability to marry feminine elegance with masculine structure.
