

MAKE & DESTROY

Skate Deck Design Contest!

Show off your creative skills! Make and Destroy needs a design for the skateboard decks we will be molding-It could be yours!

Give us something that represents SLA + the great students that go here. Use the template at the left to give us an idea of what should go on there. Draw it by hand, or if you got some computer skills, show 'em off!

Make and Destroy is a new workshop dedicated to the idea of teaching students through the power of one another and active creation.

For more info on Make & Destroy check out : www.makeanddestroy.wordpress.com, follow us on twitter : @makedestroy, or contact us at Kchute@uarts.edu
