# Interview With An Audience Member

**Sekai:** Being as though this was your first time at a Jason Douglas production what was your overall impression of the show?

**Ibrahim:** It has high energy not too fast paced. The performers all seemed to have parts as well as enjoy themselves. The dances were pretty intricate but not to intricate to the point I couldn't follow.

**Sekai:** If you could rate the show from 1 to 10, 10 being the highest, what would you give it?

**Ibrahim:-** 9

**Sekai:** What would have made it a perfect 10?

**Ibrahim:-**Some of the dances I guess missed parts of the songs that would have made it epic.

**Sekai:** If you had the opportunity to go again, would you?

**Ibrahim:-**Yes, and I would and bring friends.
