

WHAT REASON ARE YOU?

1. **Justin Foley** - Hannah was looking forward to her first kiss which was with him, they kissed in the park but then he started rumors about her taking her shirt off (which weren't true) she was a new student and a freshmen so this started her reputation

2. **Alex Standall** - He made a hot/not list and voted hannah "best ****" just to get back at a girl named Jessica who was also a new student (alex, Jessica, and hannah used to go to a cafe called Monet's to hang out because they didn't know anyone at school yet because they were new students) naming her "best ****" added to her reputation and caused Bryce (number 11) to grab her ***

3. **Jessica Davis**- shed thought hannah and alex were together because she heard rumors after the list (which weren't true) Jessica slapped her at Monet's

4. **Tyler Down**- He hid outside of her window and took pictures of her which made her feel less safe in her own house (Courtney Crimsen number 5 helped hannah catch him doing it)

5. **Courtney Crimsen**- Used her to keep her "good girl" image and made up a rumor that hannah had "naughty things" in her drawer

6. **Marcus Cooley** -invited hannah to "Rosie's" diner and took her to a booth her started to try making out with her and she shoved him out of the booth which made her even more upset about her reputation that she had received in her freshmen year (this was the first time she considered killing herself)

7. **Zach Dempsey**- Stole her notes of encouragement in peer communications because he was embarrassed from being rejected at Rosie's by hannah after Marcus had left

8. **Ryan Shaver**- He published a poem she wrote the day she first considered killing herself

9. **Clay Jensen** -He just got the tapes because she wanted him to understand why she did what she did and what he meant to her

10. **Justin Foley (again)**- Let his friend, Bryce, rape Jessica (who was drunk) she also felt it was her fault because her world was falling apart and she didn't have enough strength to stop it from happening

11. **Jenny Kurtz** - For knocking over a stop sign and refusing to call the police about it. hannah didnt call the police either cause her world was falling apart, still and she feels bad because it resulted in an accident which a classmate died in

12. **Bryce Walker**- She completely made the decision to kill herself by letting go and finally living up to the reputation she was giving therefore letting go of herself by having sex with him in a hot tub

13. **Mr. Porter**- He didn't go after her after she had admitted to wanting to kill herself and then running out of his office without explaining what she would do (it made her feel that killing herself was best because she didn't think anyone cared enough to stop her)
