

Lady Macbeth...

The bitter lady now
A controlling Maniac then
Lady Macbeth with her bloody hands
She once would do anything for power
Somehow after Duncan's death it changed her
She wanted him dead and now she is going crazy
mentally
she needs to go to a physc ward for mentally unstable people
she needs to be where she fits in most

Macbeth "These deeds must not be thought after these ways so it will
make us mad"

Such a weird thing to say to thou Macbeth
"My hands are of your color but I shame to wear a heart so white"
How dare you say that your hands may be bloody but you didn't mess up
like me
You did for even sending me to do the deed
Its always better to do things yourself
After this she went crazy
she didn't know what to think nor do
She was going insane

Duncan's death made her a weak lady who just wants to forget that even
happened

Why can't I forget what i have done
Why did i tell Macbeth to kill Duncan!
"We have Scorched the snake, not killed it"
but we did
we killed the snake in order to get throne
we did it because we were power hungry
We wanted all the power to the throne
now that we have it, it has only made us bitter
Why, oh why did we make that horrible mistake to kill Duncan
Why!!

Once power hungry
now paranoid
What happened to beloved Lady Macbeth
she decided to kill duncan
fatal mistake
now she wants that all to be over with
forever
