

Dear Fellow Concerned Philadelphian

My name is Andrew Chalfen, a senior at Science Leadership Academy, who has spent the past two years working with Philadelphia public high schools to produce a comprehensive study about the social and economic health of our educational system. Please join me **Saturday June 8th**, 4pm at the Musser Auditorium in the Franklin Institute for a presentation on the challenges that Philadelphia public high school education faces. I have visited over eight schools, each adding a unique and inside perspective to this project. This presentation will explore controversial questions, policy issues, and possible solutions to improving the culture of education in the Philadelphia area. The goal of this project is to spread awareness of the challenges that public high schools face.

- Anyone is welcome to enter through the main entrance at
- 'the Franklin Institute at 222 North 20th st, Philadelphia, PA,
- 19103. There will be a staff member at the entrance with
- directions to the Musser Auditorium. Please arrive at 4pm, the
- presentation will last about 40 minutes with a 20 minute Q&A
- immediately following the presentation.

Sincerely, Andrew Chalfen, Student. Andrew Chalten
