

SLA's Hidden City

Friday, 6/7/13, 1:00-3:00

Join us for student-created site specific performances that will permanently change the way you experience the neighborhood around Science Leadership Academy.

How to be an audience member:

- **There are two performances to choose from every ten minutes.**
- **Notice the ways the student groups have used their sites to create pieces that are unique and deeply related to the sites.**
- **Be prepared to be surprised and savor the unexpected moments that are an inherent part of site specific work!**

**An enormous thank you to Leah Stein and the Leah Stein Dance Company
(Danielle, David, & JungWoong,
for all of their generosity, mentorship, and inspiration!**

Enjoy!
