

There are no excuses!

WHY DON'T PEOPLE VOTE?

- "My vote doesn't count"
- "I don't know much about the candidates and what they propose"
- "All the candidates seem to be the same"
- "I am too busy to vote"
- "I don't really care about elections"

WHY SHOULD THEY VOTE?

- Every elected official watches to see who votes and who doesn't. Your vote gets more attention focused on advocates for your issues.
- Watch debates, news, articles. Get informed about your choices! Otherwise someone's gonna do it for you!
- Of course they're not. Get to know your candidates before voting!
- People have died for the right to vote. So take a few minutes and VOTE.
- If you don't vote and voice your opinion, be sure to hold your complaints about how things are.
