

Build Your Bug Finder Today!

Simple to make, simple to use!

3 simple parts:

- Red Lenses
- A Bright Light
- An Eyehole

Price: 3 minutes of YOUR OWN time.

Warrantee not included, keep out of reach of Big Brothers.

Find enemy cameras with the blink of an eye!

Lenses are ILLUMINATED by the light. Just look for the glaring reflections of prying robotic eyes!

When I was released from my dastardly incarceration at the hands of our esteemed government, I didn't feel safe in my own home. So I built myself a bug finder!
