

# *Cats and things*

drawn by Ray Albarouki

# Stretching Cat

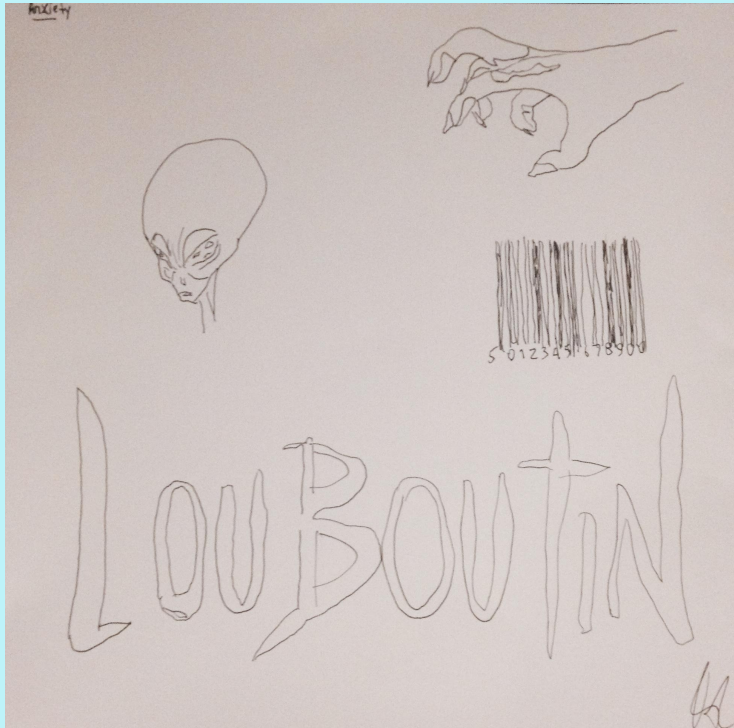

*My fascination with cats is quite enchanting. There's a certain art to them that I admire. My cat, Belle, is unique in every aspect. This is an homage to her.*

# Blue Bats

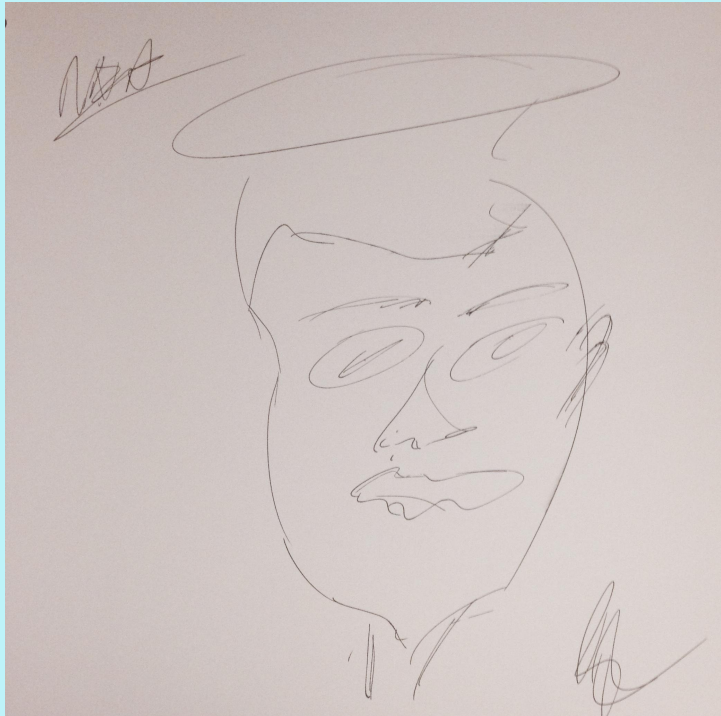

*Black can be boring, so why not add a pop of color?*

# Anxiety

*We're anxiety  
filled beings.  
Don't let  
consumerism  
pressure your  
feelings.*

# Nia

*Beauty is found the oddest places. Astounding it is to find someone so intriguing, and to then want to draw an abstract of them.*
