

Marking Period Q4: (Mini Projects)

By: Jasmine Nieves

Artist Statement:

Hello. This is an intro to a project to a journey in the Art project world. What needed to be done is that everybody who had two day Art had to create specific projects using specific methods and materials. A lot of color was used and that is what is most important in Art. In other words, color is both very useful and helpful in art especially with details in it. The more details, the better.

Project #1:

Paint Method

Project #2:

Shine Bright Like a Diamond

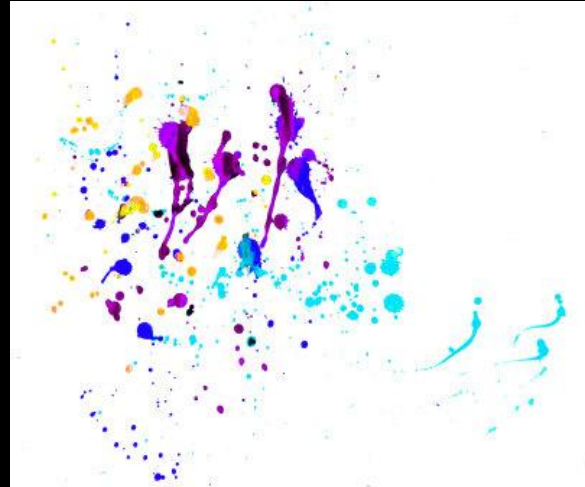

Project #3:

Painted Philadelphia L.O.V.E. Park Sign

Project #4:

Thrown Paint's Art

That's the end, folks.
