Quarantine:

Season 1

The Netflix Stage:

Obviously, 2020 has been very held back by quarantine due to the coronavirus. With being trapped at home for the rest of the year, people are bored and is looking for something to entertain them. I found something to be entertained, and that was Netflix. I know you're wondering, "how has 2020 affected you?" I'm gonna explain.

The Vampire Diaries:

After 2 months of quarantine, trying to find a tv show to watch, I finally found the vampire diaries. I literally became obsessed with this show. I love this show so much, it's crazy how much. After I finished watching the show, I realized that two specific characters stuck out to me in unique ways. Kai Parker and Klaus Mikaelson.

How they inspired my 2020:

When I graduate from college, I want to become a famous director, producer, and actor. Kai and Klaus play those evil, powerful, supervillains. Those are the type of characters I want to create and act out in my tv shows and movies, when I get older. I really look up to the way they play their character roles very well.

Klaus and Kai: Season Finale

Not everyone has their future career or identity all planned or figured out yet, especially at my age. I strongly believe that two characters from the vampire diaries helped complete my future, all from me having to stay in the house because of quarantine in 2020. Because of Klaus and Kai, I want to create evil supernatural tv shows and characters.
