

Mr. President,

I do not like ~~you~~-your opinions and your beliefs. I will ~~try to~~ do my best to explain why while maintaining my manners and respecting you as a person ~~no matter how hard that may be~~. You have my respect. this is the first ~~and last~~ time I will be giving you my respect willingly.

Black Lives Matter. Those are words that will stick with me until I take my dying breath. We were just having peaceful protests. They've always been peaceful. Why can't you see that? Why do you always turn our good words into hate? We try our hardest to prove to you that skin color is not a weapon. Gen-Z is the Generation fighting for equal rights the hardest. We are on our knees, begging for you to listen. You won't listen. Did you know ([the Washington Post](#)) there have only been 12 days this year that the police haven't shot and killed someone? How is that okay? It's not. There is no reasonable explanation behind that. Gen-Z is strong. We won't stop fighting. You're turning peaceful protests into something to fear. Tear gas and rubber bullets won't stop us. This isn't over. We are just getting started.

["I don't wear masks like him \[Joe Biden\]. Every time you see him he's got a mask, he could be speaking 200 feet away and he shows up with the biggest mask I've ever seen."](#) You say it like it's a bad thing. At least he's putting in more effort to protect others against COVID-19 than you are. Sure I'll admit it, you've worn masks. It's your beliefs about their effectiveness (or lack thereof) that makes me angry. You have better access to medical care than practically everyone in America and because of that, you take Coronavirus much less seriously than you should. ["...somehow I don't see it \[wearing masks\] for myself. I just, I just don't."](#) What does that even mean? You can't envision yourself wearing masks to protect the people of your country, and yourself? That is selfish and ignorant and rude.

Why would you ever want to be the leader of a country when so many of its youth fear you and the nation you've made? Why would you want to be the leader of a county we hate so much? I am nothing but a fourteen-year-old girl with practically no real-life experiences but even I know that you are full of nothing but hate. Skin color is not a weapon. Love isn't a privilege. Women are equal to men. And you are nothing but a hateful, mean, cruel old man. I don't like ~~your opinions and your beliefs~~ you.
