

**Browser access to fusion 360. Autodesk. (n.d.). Retrieved January 25, 2022, from <https://fusion.online.autodesk.com/>**

*Fusion 360 is a cloud-based 3D modeling, CAD, CAM, CAE, and PCB software platform for product design and manufacturing. You can design and engineer products to ensure aesthetics, form, fit, and function, and edit existing features or models. This will be the tool I use to make the model. Have been used in past classes, in Engineering specifically. This will be what I use to make the model of the vegetable cutter for Manna or a product in a 3D model.*

**Manna on main street. Manna on Main Street. (n.d.). Retrieved January 25, 2022, from <https://mannaonmain.org/>**

*Manna on Main Street is a non profit organization that distributes food, located 606 E. Main Street, Lansdale, PA 19446. I have previously participated, the struggle I found was that 18 and younger participants can not use knives, which hinders half of what can be done. This source will be used for the final presentation side, likely on the introductory first few.*

**Seitz, S. (2021, November 16). 5 best manual juicers for homemade fruit juice. Clean Green Simple. Retrieved January 25, 2022, from <https://cleangreensimple.com/article/best-manual-juicers/>**

*Clean Green Simple is a plant-based resource for people interested in eating mindfully, living sustainably, and enjoying life's simple pleasures. They provide a list online of juicer products that I will be referencing as existing products to make a new 3D replica. Although I am not entirely making the same product, along with pictures from the source below, I can have an idea of what to model.*

**Seitz, S. (2021, October 6). 9 Best Vegetable Choppers to make meal prep a breeze. Clean Green Simple. Retrieved January 25, 2022, from <https://cleangreensimple.com/article/best-vegetable-choppers/>**

*Clean Green Simple is a plant-based resource for people interested in eating mindfully, living sustainably, and enjoying life's simple pleasures. They provide a list online of cutter machine products that I will be referencing as existing products to make a new 3D replica. With the above source, this will be the other source I use to make the model of a hybrid cutter/squeezer.*

**TheKHaug. (2019, September 6). Fusion 360 tutorial for absolute beginners (2020). YouTube. Retrieved January 25, 2022, from <https://www.youtube.com/watch?v=qvrHuaHhqHI>**

*This video provides viewers the chance to learn Fusion 360, without any prior experience, with this free mini-course for absolute beginners. This will be referenced as a shortcut for when I forget how to, and compliments the very first source.*

**Vegetable cutter. Fusion360 Gallery. (n.d.). Retrieved January 28, 2022, from <https://gallery.autodesk.com/fusion360/projects/40021/vegetable-cutter-1>**

*This is an extension that can be referenced. Not an exact model, but one I found that resembles what I am attempting to model. Looking over this model, I can see the flaws and how I can make my own model and modifications to not have them. For example, the place where the blade would be held can still lead to accidents, as it is very exposed.*

**Patterson, T. (2018, July 20). Stats reveal how many Americans volunteer and where. CNN. Retrieved January 28, 2022, from <https://www.cnn.com/2018/07/19/us/volunteering-statistics-cfc/index.html>**

*The Cable News Network is a multinational news-based pay television channel headquartered in Atlanta, United States. It has articles on a daily basis on a variety of topics. This article covers where people volunteer and how many in an area. Along with the following articles, I will use this as statistical information for my final presentation google slides.*

**8 tips to motivate volunteers. Markel Direct UK. (n.d.). Retrieved January 28, 2022, from <https://www.markeluk.com/articles/8-tips-to-motivate-volunteers>**

*Markel provides sector-specific insurance cover to contractors, freelancers, SMEs, charities and community groups. They made this article for research purposes for a different cause, however I can use this as final messages in google slides presentation.*

**(July 2010) fact sheet #2A: Child labor rules for ... - dol. (n.d.). Retrieved January 28, 2022, from <https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/whdfs2a.pdf>**

*This fact sheet provides general information concerning the application of the federal child labor provisions to restaurants and quick-service establishments that employ workers who are less than 18 years of age. The focus rule from this list would be that 18 and younger participants can not use knives, which I will retrieve and document in google slides*

Find the Best Nonprofit Organizations in Philadelphia

<https://www.volunteermatch.org/search/orgs.jsp?r=msa&l=Philadelphia%2C+PA%2C+USA>

*This source's purpose is to give information on where to volunteer. You can find the Best Nonprofit Organizations in Philadelphia. Learn more about Philadelphia volunteer organizations in cause areas like advocacy, health and medicine, seniors, veterans, and more. Can be placed on the last slide of google slide presentation.*
