

Alumni College Application Network

Hi SLA Alumni/soon-to-be SLA Alumni!

I'm a current senior at SLA and for my capstone, I am creating **a network for SLA students to connect with SLA alumni to ask questions about their post high school experiences** and different college experiences. SLA is different from most high schools, so being able to speak to people who went to SLA about the colleges/schools they are interested in would be very helpful.

You can help by becoming a contact for current SLA students to learn from your experiences!
